

Town of Hot Sulphur Springs

C O L O R A D O

Dear potential bidder,

The Town of Hot Sulphur Springs is currently soliciting proposals for the control of noxious weeds. The project consists of spraying all species on the Grand County Noxious Weed list (<https://www.co.grand.co.us/140/Noxious-Weeds>) on all Town property within the Town's city limits and includes Pioneer Park, the Town Park (including playground and ball fields), road rights of way, alleys, the area around the water treatment and sewer treatment plants, the water storage tank and other small tracts. In addition, the newly acquired 275 acres of town land in the Himebaugh Gulch area is included. Special attention shall be given to the severe infestation of thistle (see map) and houndstoung in Himebaugh Gulch and yellow toadflax in Pioneer Park. **Treatment is to occur before weeds have gone to seed.** No treatment is to occur on private property.

Only herbicide applicators licensed by the State of Colorado Department of Agriculture will be considered. Proposals for this project must be received by June 12, 2023 at 2:00 pm at Town Hall. For further information, please contact Town Clerk at (970) 725-3933.

Thank you for your interest.

RAY TINKUM, Mayor
Town of Hot Sulphur Springs

Himebaugh Gulch Thistle Concentrations
